

En el día de hoy, jueves 9 de noviembre de 2017, siendo las 10:00 a.m, encontrándose reunidos en la Dirección General de Tecnología de la Información del Consejo Nacional Electoral sede de Plaza Caracas, previa convocatoria, con el propósito de realizar la **Auditoría de Certificación del Software de Máquina de Votación y Verificación de Archivos de Configuración de Máquina de Votación**, enmarcadas en el cronograma de las **ELECCIONES MUNICIPALES 2017**. Con la presencia en este acto de los funcionarios del Consejo Nacional Electoral: por la **Dirección General de Tecnología de la Información**: Cecilia Cárdenas; por la **Oficina Nacional de Participación Política**: Thomas Goll y Freddy Pinares; por los **Asesores Externos**: José Ignacio Pérez; y por los representantes de las Organizaciones con Fines Políticos nacionales: **Partido Socialista Unido de Venezuela (PSUV)**: Hernán Díaz; **Independiente por el Progreso (IPP)**: Alejandro Laguado; **Movimiento al Socialismo (MAS)**: Homero Rodríguez; **Movimiento Político Alianza para el Cambio (MPAPC)** Ciro León; **Nueva Visión para mí País (NUVIPA)**: Grecia Perdomo; **Organización Renovadora Auténtica (ORA)**: Eliana Salazar; **Partido Comunista de Venezuela (PCV)**: Gustavo González; **Patria Para Todos (PPT)**: Oscar Varela; **Un Nuevo Tiempo Contigo (UNTC)**: Félix Arroyo; y **Unidad Popular Venezolana (UPV)**: Angélica Graterol. En cumplimiento de las funciones constitucionales y legales, así como la normativa emanada por el Consejo Nacional Electoral, con la finalidad de brindar y proporcionar confianza, transparencia y seguridad en los procesos electorales.

La auditoría tiene como finalidad Certificar el Software de Máquina de Votación y Verificar los Archivos de Configuración de la Máquina de Votación. El Ing. José Ignacio, dio la bienvenida a los representantes de las organizaciones con fines políticos asistentes, y explicó en qué consiste la auditoría y el procedimiento para realizarla. Seguidamente sugirió una metodología de trabajo, la cual consistió en:

- Revisar el hash de la aplicación generado el 12/09/2017.
- Revisar el hash de la aplicación generado el 18/09/2017
- Revisar cualquier requerimiento solicitado por los representantes.
